Bluetooth Speaker

Pop is not a normal wireless speaker. MTV wants to turn your desk into Music and Conversation.

You just need to connect Pop to your iPhone and smartphone by Bluetooth. Play your favorite songs and talk to your friends.

Use Pop Function keys.

Change songs, forward and rewind, adjust the volume, and when you get a call from a friend press the receiver button and answer.

Thanks to its ultra-sensitive microphone, you can use Pop as a speaker-phone during your calls.
